

**American Red Cross**

May 2, 2005

Dear Prince,

We would like to thank you and the entire Community Consulting and Advisory Committee for a job well done this past year. We are very proud of the work you put into this project and appreciate your participation. With your involvement, our insight into strategic issues such as how we interact together and integrate as a ten county chapter is better informed.

Putting together the research and the recommendations for this project was not a small feat. Your contribution of vision, time, and talent was invaluable to the success of the project. Please know that Joel's presentation on your behalf was positively received by the Board of Directors and that follow-up attention will be dedicated to your recommendations.

Your genuine compassion towards your fellow community members and partnership with the American Red Cross is truly valued. We invite you to continue to partner with the American Red Cross Grand Canyon Chapter to the greatest extent that your time allows.

With gratitude and appreciation

Donald A. Smith  
Board of Directors, Chair
